*A complete collection of the 48 WPA state guides that were issued, as well as Alaska (a territory at the time), Puerto Rico (still a territory), New York City (the New York State guide contained very little on NYC, for this reason) and Washington DC. These 52 volumes represent a complete set of the WPA State Guides. All are first editions, with exception of Illinois and Michigan, which are seconds. All are complete with issued maps (all loose maps are near fine or better) and all are in jackets. Most are VG/VG, or better.*

*In my nearly two decades in the trade, I have yet to see an entire set offered for sale. This set is rare.*

*“These books are guides to the real America, not the tourist America. The tourist America is there all right, the famous gardens of the Carolina low country, the fishing camps of northern Minnesota and Michigan, Natchez and the French Quarter of New Orleans, Monterey and the Torrey Pines, the plantations along the James – sometimes roughly handled, but there in all their real or tinselled glory. But here is the rest of America, the towns and counties we live in and pass through on the quickest, shortest trip. What of that America? It assumes a strange and unexpected aspect in the guides.” – Frederic Gutheim ‘Saturday Review of Literature’ – June 14, 1941*
